M	N		O		
					
M8*15x4	Inner hexagon spanner S=5 x1		Spanner S=13 x1		

## INSTALLATION

Installing a Blaupunkt TV Wall Mount is as easy as putting up a shelf. Easy to follow installation instructions are included with each product.

Most Blaupunkt TV brackets come pre-assembled so installation is simple.

### 1 - Solid Wall installation

**Step-1**

**Step 1:**  
Use the wall plate as a template to mark 4 drill holes on the wall.  
Use a spirit level to ensure the holes are level and in the required position for your TV. Drill holes of 10mm diameter and 50mm depth and firmly insert 4 plastic anchors.

**Step-2**

**Step 2:**  
Fix the wall plate to the wall using 4 self tap screws. Ensure the screws are firmly tightened.

**Step-3**

**Step 3:**  
Cover the wall plate with the covers provided.

## Stud wall installation

**Step-1**

Interior wall stud

Hard wood stud

**Step 1:**  
Drill mounting holes for wall plate. Using an electronic stud finder, identify and mark the location of one interior wall stud. Using the wall plate as a template, mark and then drill four holes with 3/16" diameter drill bit.  
Note: We do not recommend installation in hollow core concrete blocks, only solid blocks using concrete anchors.

**Step-2**

Interior wall stud

**Step 2:**  
Fix the wall plate using four self tap screws. Ensure the screws are firmly tightened.

**Step-3**

**Step 3:**  
Cover the wall plate with the covers provided.

## 2 - Attaching the TV onto the wall mount

**Step-1**

±15°

±90°

Wall

TV

>6mm

**Step 1:**  
Attach the TV to the TV bracket using the bolts and washers provided. You may need the assistance of another person to safely attached the TV. Select the correct size bolt/washer according to the thread holes of your TV - only 4 bolts are required. Ensure the TV is securely fastened to the TV bracket. Retain the spare bolts for future use.

## Wall Type

It is also important to consider the type of wall you are mounting your TV on.

Use a stud-finder to find wooden battens/studs and to ensure there are no hidden pipes or wires behind where you intend to drill.

Do not mount onto drywall/plasterboard or panelled walls unless all wall plate screws are fixed into a wooden batten/stud.

When fixing to brickwork or solid masonry use suitable wall plugs and screws.

It is your responsibility to ensure the wall structure and fixings are capable of supporting the screen and mount in a normal working environment.

Check the strength of the installation before installing the screen and if you have any doubts regarding installation please consult a qualified contractor.

## WARNING

Correct installation is extremely essential, and falls outside the scope of responsibility of Blaupunkt.

The fastening material provided is exclusively intended for installation on walls made of solid wood, bricks, concrete or solid-wood columns with a maximum of 3 mm wall finishing.

For walls made of other materials, for example hollow bricks, please consult your installer and/or specialist supplier.

During installation, please also follow the instructions for installation and use of the apparatus to be installed/fixed (for example the LCD/LED/plasma screen).

## SPECIFICATIONS

Maximum Load : 30kg

Size of flat panel TV: 15"-32"

Weight of mount : 1.52kg

Distance from Wall: 60-310mm

Pitching angle: +15°~-15°
