# 1 Welcome

Thank you for choosing this Goodmans product. We've been making electrical products for the British people for over 90 years. Each of our products have been carefully designed to be great at what they do and this one is no exception. We hope you enjoy your new Gaming Headset Stand.

## 2 Your Gaming Headset Stand

### **2.1 In The Box**

Carefully remove your Gaming Headset Stand from the box. Inside the box you will find:

- Gaming Headset Stand
- Quick Start Guide
- Instruction Manual
- Guarantee & Safety Manual

## 2.2 Side View

**A Headset Holder**

**B LED Colour Light**

**C LED Light Button**

Press this button to change the LED colours or to turn on and off.

**D 3.5mm AUX Output Socket**

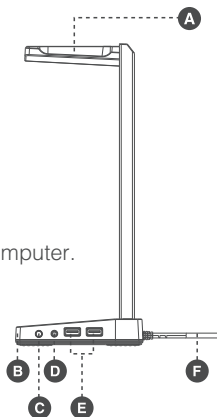

Connect your headset here once your Headset Stand is connected to your computer.

**E USB Ports**

Supports power charging and data transmission when the Headset Stand is connected to a computer.

**F USB Power Cable**

Connects your Gaming Headset Stand to a computer to provide power.

## 3 Quick Setup

### 3.1 Connect Your Gaming Headset Stand

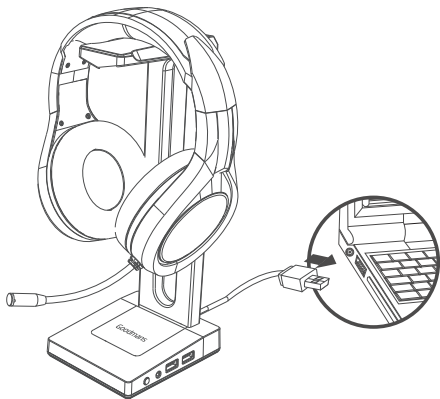

1. Connect the USB power cable of the Headset Stand to the USB port of your computer.
2. Your computer will automatically recognize the Headset Stand with HUB function.
3. Press the LED light button to change the breathing mode with 7 colour lights and off/on function.

Note: The Headset Stand will not work unless the USB power cable is connected to a computer.

Note: You can also charge your smartphone or other USB powered device from one of the USB ports on the stand.

### 3.2 Place the Your Headset on the Holder

1. Place your Headset onto the holder.
2. Connect the 3.5mm plug from your headset to the 3.5mm AUX output socket. If your Gaming Headset has LED lights you can also connect the Headset USB to the stand USB to power these lights.

This appliance complies with the below listed EU directives.

2014/30/EU Electromagnetic Compatibility Directive

2014/35/EU Low Voltage Directive

2011/65/EU Restriction of Hazardous Substances

The complete declaration of conformity is available upon request for relevant Enquiries.

## Information on Waste Disposal for Consumers of Electrical & Electronic Equipment

This mark on a product and/or accompanying documents indicates that when it is to be disposed of, it must be treated as Waste Electrical & Electronic Equipment (WEEE).

Any WEEE marked waste products must not be mixed with general household waste, but kept separate for the treatment, recovery and recycling of the materials used.

For proper treatment, recovery and recycling; please take all WEEE marked waste to your Local Authority Civic waste site, where it will be accepted free of charge.

If all consumers dispose of Waste Electrical & Electronic Equipment correctly, they will be helping to save valuable resources and preventing any potential negative effects upon human health and the environment of any hazardous materials that the waste may contain.
